

Willaston in Wirral WI 1984

Willaston in Wirral WI held the Cheshire Handicrafts cup for 33 years (the press cuttings show a slight difference in the exact number of years!) Cutting from Norma Marsden.

DOWN WIRRAL WAY

Tuesday.

WHEN it comes to needlework, the women of Willaston WI win hands down.

And their prowess has enabled them to win the Cheshire federation of institutes handicrafts cup for 33 years running.

No other WI has ever won the trophy since the competition was launched way back in 1951.

Pictured holding the trophy on Wednesday is handicrafts chairman, Mrs. Molly Kameen.

Champion challengers

"Well done" for the 30th time — to the handicraft section of Willaston-Wirral's Women's Institute.

They have just won the Silver Challenge Rose Bowl for the overall winners at the County Handicrafts Exhibition, held at Women's Institute Hall, County House Chester — for the thirtieth year running.

"Nobody else has ever won it," said Mrs. Molly Kameen, handicrafts chairman. "We received 3299 points altogether, and I'm very proud of the members."

Admiring the prize-winning display of their members' needlework are the committee of the handicrafts

section. From left to right they are: Mrs. Elsie Davies, vice president; Miss Elsie King, president; Mrs. Christine Wilson; Mrs. Vera Lloyd; Mrs. Molly Kameen, chairman of the handicraft committee; Mrs. Cynthia Wilson; Mrs. Marjorie Uden, gold star winner and Mrs. Winifred Aishen, gold star winner.
