

The Old Church Hall

The Church Hall stood opposite the Church and hosted many community activities. However, its condition deteriorated and in 2011 it was demolished. The pictures show the hall before and during its demolition.

Elizabeth's Cottages were built in its place in 2013, designed by Willaston resident Bill Hardman.

As the land the Church Hall was built on was donated to the Church by Isobel Johnson, there is a plaque on the cottages to acknowledge her generosity.
